*Secured **97.2%** in total*   *2019-2021*

Grade X (St. Michael's School)   **Siliguri, West Bengal**
*Secured **97.6%** in total*   *2010-2019*

PROJECTS

E-Commerce Database   PPT Link: *Here*
- Designed the database for a website that suggests customized skin care products to users based on a small survey about their skin issues.
- Portrayed the database structure as an ER diagram and also converted the ER model to Relational model after applying Normalization.
- Created a sample database using **SQL Developer**.

Skinvana Website   Link: *Skinvana*
- Designed and developed a multi-page static website for the database above.
- Used **HTML** and **CSS** to design the front-end. Also, used **Bootstrap** for headers, heroes and other features.

Portfolio   Link: *Portfolio*
- A website that contains all the information about me, including my projects.
- Designed the UI using **HTML**, **CSS** and **Bootstrap**.
- Made the site responsive by using **JavaScript** and **jQuery**.

TECHNICAL SKILLS AND INTERESTS

Languages: C++, Java, SQL, Python
Web Development: HTML, CSS, JavaScript, jQuery
Frameworks: Bootstrap, Node.js, Express.js
Technical: Data Structures and Algorithms, DBMS, Object-oriented Programming
Tools: GitHub, Visual Studio Code, Oracle SQL Developer

ACHIEVEMENTS AND AWARDS

- Solved **400+** DSA questions on coding platforms such as LeetCode, CodeChef and GeeksForGeeks.
- Scored **2300/2400** in SAT Subject Test.
- Received a Gold Medal for Academic excellence (2020).
- Received the *Most Dedicated Student* award (2019).

SOFT SKILLS

- Efficient time management.
- Good team spirit and adaptability.
- Critical thinking.
